* Contrary to what officials have done, Giacinto Sertorelli's winning time should have not been taken as a 100 points result (since he was running hors concours). Instead, Chierroni's time should have been taken as a 100 points result. This imprecision has altered in the end the total points of all finishers, but not their ranking.

** Zanni was left unclassified so next day racers from Abetone boycotted the race
