DNF:

| | | |
|-------------------|-----|-------|
| Roberto Lacedelli | ITA | (14), |
| Otto von Allmen | SUI | (57). |

* Start was delayed due to incessant rain all the morning. At noon the rain stopped, sun came out, but the snow was so wet that organizers decided that only one run would be taken. Yet the temperature started to fall, so the racers with higher bib numbers had faster snow than the early starters.
